

AMENDMENTS TO THE SPECIFICATION

Please replace the abstract with the following amended paragraph:

The invention relates to the identification of genetic products expressed in association with tumors and to coding nucleic acids for the expressed products. [[Said]] An embodiment of the invention also relates to the therapy and diagnosis of disease in which the genetic products are aberrantly expressed in association with tumors, proteins, polypeptides and peptides which are expressed in association with tumors, and to the nucleic acids coding for [[said]] the polypeptides, peptides and proteins.

Please add "Background of the Invention" before paragraph [0001] of the published application.

Please add "Brief Summary of the Invention" following paragraph [0002].

Please replace the heading before paragraph [0155] of the published specification with the following amended heading:

~~FIGURES~~ Brief Description of the Several Views of the Drawings.
